

Gifted and Talented Program Informational Lunch

**An Overview of LISD Advanced Academics, Gifted & Talented Program Offerings
with Cheryl Close, Director of Advanced Academic Services
will be hosted by the Greater Lewisville Special Education PTSA**

November 5, 2009

from 12:00noon to 2:00 pm

**Student Services Building, west entrance, 400 W. Main Street in Lewisville
(behind Lewisville Medical Center just off of I-35).**

The event will be a "Brown Bag Lunch" informational program followed by an opportunity to ask questions and share discussion. Ms. Close will focus on a description of LEAP. She'll briefly review Elementary and then move on to Secondary, as well as discussing the nature and needs of a G/T child.

You are welcome to bring a sack lunch with you.

Whether your child is not yet in school, in high school, home-schooled, or anywhere in between, you may have questions about what LISD has to offer in the way of Gifted & Talented Programs, Accelerated Programs, and Advanced Academic offerings. As of now there is not an organization within LISD that is specifically designed to serve the needs and questions of parents and students in this area, therefore, the Special Ed PTSA currently meets this need along with our other offerings. We invite you to come find out what courses and programs are available to motivated, gifted and talented students for all grade levels in LISD. Network with other parents and get information about workshops and presentations in the DFW area. **Sign up for our Gifted & Talented Listserve at: <https://www.bigtent.com/groups/sepsa>.**
